Re: Vermont's Request to Extend State Plan on Aging to 2018.

Dear David:

Thank you for your correspondence dated May 11, 2016, requesting consideration to extend the Vermont State Plan on Aging from three (3) years to four (4) years; bringing the current State Plan through 2018.

Please be advised that the Administration for Community Living (ACL) approves this request and extends our best wishes as Vermont utilizes this additional time to implement a Results Based Framework.

Thank you for your partnership!

Sincerely,

Kathleen F. Otte
