The plan was originally developed as part of a combined **CRITICAL INCIDENT REPORTING REQUIREMENTS** with the Department of Mental Health Effective Date: November 1, 2011

Summary: The 2016 Critical Incident Report Guidelines are provided to the Designated Agencies and Specialized Services Agencies (hereafter referred to as *Agency*) and supersedes all pre-existing reporting guidance provided by the Department of Disabilities, Aging & Independent Living; Developmental Disabilities Services Division (DDSD) and Adult Services Division (ASD) (hereafter referred to as *DAIL*). Critical Incident Reports (hereafter referred to as CIR) are essential methods of documenting, evaluating and monitoring certain serious occurrences, and ensuring that the necessary people receive the information. These guidelines describe the information that DAIL needs to carry out their monitoring and oversight responsibilities. Content reflects standard definitions, applicable populations for required reporting, timelines, and methods for reporting incidents. Questions or request for clarifications should be made to DAIL.

Who requires Critical Incident Reports?

Critical Incident Reports are required for any individual served by an Agency who is receiving developmental disabilities services, including services contracted by the Agency, people who self/family-manage or share-manage their services, people who participate in the Money Follows the Person program, and the Adult Family Care program.

Exceptions: For Developmental Disabilities Services reporting is not required for

- Bridge, Family Managed Respite or Flexible Family Funding recipients, except in the event of a death (any cause).
- TCM, PASRR/Specialized Services except in the event of a death (any cause), Potential Media Involvement or APS/DCF Reports,

What is the timeframe and process for reporting incidents?

When calling in a CIR report either immediately or within 24 hours of the agency's knowledge of the incident the caller needs to provide the following information:

- Caller's name and contact number, the name and contact number of a second person in case the original caller is unavailable.
- Name of Agency
- Name of individual involved in incident
- Type of incident as described above

Note: for after business hours calls at night and on the weekends a return call for all but Potential Media Involvement may not happen until the next business day, Public Media Involvement calls will be returned as soon as possible.

Notification of Individual's Guardian

All Guardians, public or private, shall be notified directly and immediately of any critical incident report. Exception: APS/DCF Reports where the Guardian is subject of the report.

Use of the electronic reporting form

The electronic report form (**See Attachment A**) will be used when the technology for electronic data submission is operative for the sending and receiving entities.

A fillable copy of the electronic form has been created as a Word document which is required for use in reporting by staff at the Agency. This form will preferably be filled out by the reporting person using a computer or if completed by hand scanned into the agency's network and submitted to DAIL using the methods outlined below.

Where are completed reports sent?

Reports must be submitted via GlobalSCAPE, DAIL's secure FTP site. If GlobalSCAPE is not available, reports can be submitted via secure fax to: **DDSD 802-241-0410, ASD 802-241-0385**

For ASD, CIRs may also be sent electronically via SAMS.

What types of incidents must be reported to DAIL for Persons Served?

◆ Potential Media Involvement

Is defined as any serious incident that is likely to result in attracting negative public attention, or that may lead to claims or legal action against the State and/or Agency.

◆ Missing Person

A person in services who is identified as missing by law enforcement, the media, staff, family, caregivers, or other natural supports or lives in a residential program and has an unexplained absence.

A person served is considered “missing” if the person’s housemate or support staff cannot locate him or her and there is reason to think that the person may be lost or in danger. The person is not considered missing if s/he is functioning within the supervision requirements of his/her ISA. A CIR is not required for people who live with unpaid caregivers or housemates (such as natural family), unless the caregiver or family requests assistance in locating the person or the person has been identified as missing by law enforcement, or the person is missing while receiving DAIL services.

◆ **Death of Individual Receiving Services**

- **Untimely or Suspicious death** Unknown or suspicious cause (includes completed suicide). CIR reporting is required by all programs.
- **Natural/Expected Death**

◆ **Reports of Abuse, Neglect, Exploitation or Prohibited Practices**

All reports of abuse, neglect or exploitation of or by a person enrolled in services must be submitted by the Agency as mandated by statute. Reports must be sent to either:

- Adult Protective Services (APS) – 1-800-564-1612 – for adults; or
- Department for Children and Families (DCF) – 1-800-649-5285 – for children under the age of 18; and
- Suspected misuse of Medicaid funds must be reported to:
Medicaid Fraud Unit/Program Integrity (MFU) – 802-879-5900 – or email ReportMedicaidFraud@state.vt.us.

The Agency must also send a CIR documenting these reports to DAIL within the required timeframe.

If the Agency becomes aware of a third party including contractors of the Agency or family reporting to APS/DCF/MFU then a report to DAIL also needs to be made.

Prohibited practices as defined in the DDSD Behavior Support Guidelines as potential abuse need to be reported as a CIR. They include:

- Corporal punishment
- Seclusion (Including when seclusion is part of a documented behavior support plan developed in accordance with the behavior support guidelines)
- Psychological/verbal abuse
- Unauthorized restriction of contact with family or significant others
- Denial of basic needs, including effective communication
- Limiting a person’s mobility
- Unauthorized withholding funds
- Forced administration of psychiatric medications
- Unauthorized use of physical, chemical or mechanical restraints

◆ **Restraint**

Any restraint even if the action is part of a documented service plan on file and developed in accordance with the behavior support guidelines for the person served, requires a CIR. Please see Exceptions listed below.

“Restraint” includes:

- **Mechanical restraint:** Any items worn by or placed on the person to limit behavior or movement and which cannot be removed by the person. Mechanical restraints include devices such as mittens, straps, arm splints, harnesses, restraint chairs, bed rails and bed netting. Helmets used for the purpose of preventing self-injury are considered mechanical restraints.
- **Physical restraint:** Any method of restricting a person’s movements by holding of body parts to keep the person from endangering self or others (including seclusion or physical escort to lead the person to a place he or she does not want to go).
- **Chemical restraint:** The administration of a prescribed or over-the-counter medicine when all the following conditions exist: the primary purpose of the medication is a response to problematic behavior rather than a physical health condition; and, the prescribed medicine is a drug or dosage which would not otherwise be administered to the person as part of a regular medication regimen; and, the prescribed medicine impairs the individual’s ability to do or accomplish his or her activities of daily living (as compared to the individual’s usual performance when the medicine is not administered) by causing disorientation, confusion, or an impairment of physical or mental functioning.

Restraints that occur fewer than 8 hours apart may be reported in a single report. Restraints that occur more than 8 hours apart must be reported in separate reports.

If two types of restraint are used together (e.g., physically restraining a person to administer a chemical restraint), both types of restraint shall be noted on the report.

Guardians must be notified verbally immediately of any restraint, unless the restraint is done according to a written support plan that the guardian has approved and the guardian has stated that he/she does not wish to receive immediate notification of restraints.

Exceptions:

Time-limited restraints for medical purposes **do not** need to be reported as long as they are done in a manner consistent with the DS *Behavior Support Guidelines* and the proper documentation is on file. If restraint is done without the required authorization and documentation, a CIR must be filed.

PRN medication does not need to be reported unless it meets the definition of a chemical restraint (see DS *Behavior Support Guidelines*).

For detailed information and additional exceptions for persons supported with DAIL funds, see the DS *Behavior Support Guidelines* posted on the DAIL website: www.dail.vermont.gov

◆ **Criminal Act/Incarceration of Person in Services**

Any illegal act, alleged or suspected, committed by a person enrolled in services must be reported, including any act that warrants incarceration. Any circumstance indicating a duty to warn (when a clinician contacts a victim under established duty to warn and its known by the agency) must be reported.

◆ **Medical Emergency**

A serious medical event, for a person served, that requires immediate emergency evaluation by medical professional/s; to include all unplanned hospitalizations, a “cluster” of similar medical events in a short period of time and emergency psychiatric/crisis evaluations. For children in parental custody report only if incident occurs during active engagement with agency workers.

◆ **Suicide Attempt (or lethal gesture)**

Death would likely result from the suicide attempt or gesture and the person requires immediate medical/psychiatric attention.

◆ **Action by Paid Staff/Provider or Worker (All workers paid with DAIL funds)**

Any of the incidents listed below by a paid staff/provider or worker must be reported when the action is toward a person receiving services or in the presence of a person receiving services. Worker means a person who volunteers (including those paid a stipend or expense reimbursement) or a person employed or contracted by an organization that operates programs or administers services paid with state funding (including shared living providers and foster care providers) or by a surrogate, family member or person who receives services.

- Potential Media Involvement
- Criminal Act
- Reports or knowledge of Medicaid Fraud or Investigations by State Program Integrity Unit

◆ **Other:** Actions or events that have a significant, often negative effect on the person receiving services such as:

- Fire damaging the home the person lives in requiring a move and extra supports
- Death of a caregiver, natural family or paid caregiver/Shared Living Provider
- A staff or caregiver medical emergency that has significant effect on the person receiving services

Supervising QDDP, Case Manager (MFP) or Service Coordinator (AFC) Review and Signature on Completed CIR Form

For DDSD, the supervising Qualified Developmental Disabilities Professional (QDDP), for ASD, the Case Manager (CM) or Service Coordinator (SC) for the individual and his/her support team (or designee if QDDP not available) must review the critical incident, make comments and recommendations to identify and deal with possible preventable aspects of the incident with the goal of preventing the incident from re-occurring. The review requires the QDDP’s, CM or SC’s (for MFP/AFC) name legibly filled out, signature and date as part of this process. If the review and signature cannot

be obtained within the two business day time line from knowledge of the incident, then an initial copy of the form needs to be sent in with a completed version following once the review and signature have been obtained.
