## Room and Board Calculator

Effective January 1, 2018

The rate you may charge Residents whose care is paid for by Medicaid is determined by the Vermont Department of Disabilities, Aging and Independent Living (DAIL) policy. Gather current income information from your Medicaid Residents, and then use the following calculator to determine the room and board rate. Each year the numbers used below are subject to change in accordance with legislated cost of living adjustments and change in SSI, so please use the most current figures.

(This is the maximum income to use when determining R&B payment.)
- The PIL for ACCS only clients outside of Chittenden County: \$1,041
- The PIL for ACCS only clients inside Chittenden County: \$1,125
- Supplemental Security Income (SSI) as of 1/1/18: \$798.38
- Residents must retain the minimum spending amount: \$82.00
