Re: Room and Board Memo – 2022 Standards Update

The Department of Disabilities, Aging and Independent Living (DAIL) has been notified that effective January 1, 2022, SSI benefits are increased by \$47 per month to reflect an increase in the cost of living (COLA). This memo is to communicate the new room & board and minimum personal spending amounts allowed under the DAIL room & board standards. With the 2022 SSI increase on 1/1/22, the room and board standard will increase by \$23.50, and the personal needs allowance will increase by \$23.50. Please refer to the accompanying table for exact amount based on the setting.

As a reminder, providers must ensure that individuals retain the required minimum personal spending amount listed in the table. *However, providers may choose to charge a person less for room and board payment, so the resident may retain a greater personal needs spending allowance.*

See also Attachment A (page 4) of this memo, which provides clarification on items included in room and board.

Providers must also give residents proper notice of any change in room and board charges according to applicable licensing regulations and program standards.

Please contact your applicable state government program staff with questions.
